

Helping Organisations and Individuals get through life more easily

Want to achieve competitive advantages and sustain them?

Our talent management services are offered to organisations as an independent service or as part of The Leaders Edge offerings.

PriorityOne offers a service to evaluate the flight risk of your people. This tool works across all areas of businesses and organisations.

We use the Workplace Relationship Development Indicator (WRDI) Accredited Licensee)

Following recruitment of staff members we recommend using a Post Recruitment Reports service, utilising a relationship management survey tool, the WRDI, offers a powerful diagnostic capacity.

This can be used in two scenarios; for recently placed team members and mid to long term staff members.

In both scenarios PriorityOne can accurately measure and diagnose the health of the relationship between the employee and the employer.

Meaningful reports for both the individual and the organisation can be generated providing a Post-Recruitment assessment.

This addresses any areas of concern supporting a successful pathway forward for the employee and employer relationship.

PriorityOne places emphasis on **RETAINING YOUR TALENT.**

We listen to you, identifying your talent management requests accurately.

We make sure we have your brief fully researched before presenting a considered approach to retaining your talent management.

Great care is taken to deliver your brief from realisation to action to ensure the end result meets your expectations.

It is an exciting way to look beyond your own organisation, to a world of possibilities via the PriorityOne network.
